ACOUSTIC WALLS FROM BOËT STOPSON

The acoustic wall covering by BOËT StopSon covers all or part of the walls and ceilings for unparalleled acoustic comfort. BOËT StopSon deploys all its technology with several finishes and several thicknesses of absorbant to create a unique visual and sound space.

- Four levels of acoustic performance:

Without
Absorbant

$$\alpha_w = 0,25$$

or

Tempo
Absorbant
4 mm

$$\alpha_w = 0,30 - 0,35$$

or

Tempo
Absorbant
25 mm

$$\alpha_w = 0,65 - 0,70$$

or

Tempo
Absorbant
50 mm

$$\alpha_w = 1$$

- Three finishes:

Canvas

+

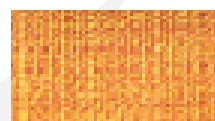

Wadding M1 with a width of
2800mm

Cloth

+

Wadding M1 with a width of
2800mm

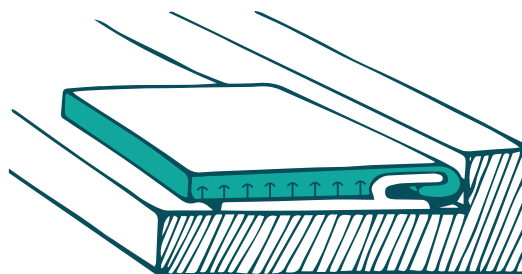

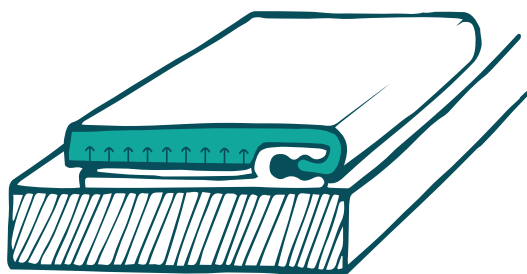

Fabric

+

Wadding M1 with a width of
2800mm

- Patented installation system:
